Admiralty Primary School Assessment 2026

School-based assessment practices have been adjusted to free up time and space for schools to better pace teaching and learning, and adopt effective pedagogies to deepen students' learning, encourage self-directed learning and strengthen holistic development.

In Admiralty Primary, the reduction of assessment load and stakes is done without compromising the rigour of learning for our students. The holistic approach to assessment of our students will give the school a greater focus on their well-being and development while inculcating more joy in learning. While our school's assessment system comprises of weighted assessments and examinations where scores contribute to the computation of a student's overall academic results in a subject for the year, ongoing formative assessment for learning is equally important to support students' learning. These two complementary practices provide a learner-centered and balanced assessment for our students.

Ongoing Formative Assessment for Learning

Beyond periodic formal assessments such as weighted assessments and End-of-Year or Preliminary examinations, our school has regular non-weighted formative assessment practices that focus on students' learning progress and development of requisite learning dispositions.

Your child should be familiar with varied formative assessment activities such as demonstration of skills acquired in classroom or outdoor settings, questions posed in class by teachers to check on their understanding and targeted mini quizzes to consolidate concepts learnt. These are conducted in a timely and consistent manner that allow teachers to close learning gaps in students and provide them with prompt feedback on their learning.

Parents and students are not expected to prepare for such formative assessment tasks as they are integrated into the daily learning of students in school. These day-to-day use of assessment formatively also engage and encourage students to be more intrinsically motivated and confident in their learning.

Weighted Assessments and End-of-Year Examination

Weighted assessments are snapshots of how our students are mastering selected topics and components during school terms. Performance tasks and journals may also be used as part of the Weighted assessment modes, as a form of alternative assessment to assess students on different skillsets. End-of-Year Examination serve as standardised summative assessments that allow students to apply their learning across a range of topics and for teachers to know how well their students have learned. The following table shows an overview of the weighted assessments and End-of-Year Examination for our students by the levels.

Table 1: Overview of Assessment Structure 2026

LEVEL	TERM 1	TERM 2	TERM 3	TERM 4
P1	x	x	x	x
P2	x	x	x	x
P3	WA (15%)	WA (15%)	WA (15%)	EOY (55%)
P4	WA (15%)	WA (15%)	WA (15%)	EOY (55%)
P5	WA (15%)	WA (15%)	WA (15%)	EOY (55%)
P6	WA (15%)	WA (15%)	Prelims (70%)	PSLE

Details of each term's assessment modes and topics will be published on the school website termly.

Primary 1 and 2

There is no weighted assessment or examination for Primary 1 and 2. Subject-specific learning outcomes and qualitative descriptors will be used to report students' learning progress for all subjects at the end of each semester.

Primary 3 to 6

Primary 3 to Primary 6 students will have one Weighted Assessment (WA) per subject per term and will sit for their End-of-Year Examinations (EOY) in Term 4, while the Primary 6 students will sit for their school preliminary examinations in Term 3.

Keeping updated on your child's progress

Besides results from WA and EOY, parents can communicate with the teachers to keep abreast of their child's learning and progress. There are different communication platforms that parents can make use of such as Parents' Gateway, emails/phone calls and Parent-Teacher-Conference (PTC) to gather qualitative feedback on their child's progress.

Other Key Assessment Information

I For Weighted Assessments (WA) Only

WA Make-Up Session:

1. Any absence from the weighted assessments or examinations must be covered by any of the following **valid reasons:**

   - **Medical certificate** from a private or government clinic/hospital. Students are required to submit their medical certificate(s) to their Form Teachers on the day they return to school. Parents are also required to inform the class Form Teachers should their child be absent on the day of the assessment.
   - **Compassionate** reason in which documentations are required for submission.
   - **Participation in national games or performances** (e.g., NSG, SYF etc.)
   - **Legal matters**, for instance, a court hearing in which the child's presence is required.

   (For other reasons that might not be covered by the above, parents are to contact your child's Form Teachers as soon as possible so that the school can advise you accordingly.)

2. Students who are absent without a valid reason or a medical certificate will not be awarded any marks for the assessment(s) they have missed.

3. Students who are absent with a valid reason can attend a **WA make-up session on the next school day** when they return to the school. The WA make-up session will take place after curriculum time. For students who are absent from the oral component, teachers will use the reserve date(s) to conduct the make-up oral examinations. Parents will be informed of the details of the WA make-up session by the class Form/Subject Teacher.

4. Students who have **extended absence** from the WA, and are hence unable to attend the WA make-up session on the next school day, will be given Valid Reason (V.R.) for the subject. Their results for the affected subject will be pro-rated and adjusted accordingly so that they are not unfairly disadvantaged for being absent with a valid reason.

II For All Weighted Assessments and End-of-Year (EOY) Examinations

5. There will be no make-up assessments for **P3 to P6 End-of-Year Examinations and Preliminary Examinations** (except for the EL and MTL Oral Components)

6. Students are required to be punctual for all weighted assessments and examinations. Students who are late with no valid reason may not be allowed to sit for the remaining duration of the papers and no additional time will be provided.

7. In the event of a massive transportation break down or adverse weather conditions that affect the punctual arrival of students, students who arrive late for the WA and EOY examinations will sit for the paper in a separate room and be given the full duration of the paper.

8. Students are required to bring all necessary materials e.g., approved dictionaries, calculators, Mathematical geometry sets for their WAs and examinations. During the conduct of the WAs and examinations, students are not allowed to borrow stationery from other students.

9. Only **2B pencils** can be used for the **shading of OAS** and a **soft eraser** to be used on the OAS.

10. Only **dark blue and black ballpoint pens** can be used for the writing and answering of questions on the question booklets. Erasable ink pens are **not** allowed to be used. Students are strongly advised to write legibly in the space provided for each question.

11. **No correction tape/fluid, and/or highlighters** are to be used in all the WA and EOY examinations.

12. The duration for each paper includes the time spent for reading the questions. No extra time will be provided for the shading of the OAS.

III Code of Conduct/Behaviour

Students must not have in their possession:

13. Any unauthorised electronic, communication, entertainment or gaming devices capable of capturing, storing, displaying and/or transmitting visual, audio or verbal information within the weighted assessment and examination venues. Examples of prohibited devices include, but are not limited to:
    - Computerised Devices: tablet, pocket PC, personal digital assistants (PDA), digital diary, eBook
    - Communication & Smart Devices: mobile phone, smartphone, smart watch (including POSB Smart Buddy), fitness/step tracker, earphone, wireless earbud, smart glasses
    - Other Electronic Devices: camera, audio recorder/player, gaming device, storage device

14. Any unauthorized materials even if they do not intend to use them within the weighted assessment and examination venues.

× Electronic / communication / entertainment / gaming devices × Study notes / books / papers × Instruction leaflets containing mathematical formulas / conversion table / instructions × Unapproved calculators or electronic dictionaries with unacceptable features	× Non-standard mathematical instruments 
15. Students who are found in possession of any unauthorised devices/materials are liable to the same penalty as those who are caught cheating.

16. Students should not communicate or attempt to communicate (verbal or non-verbal) with other students during the conduct of the WAs and examinations and the collection of the answer scripts.

17. Students are not allowed to discuss, share, or disclose any questions or possible solutions with classmates or peers of the same level after sitting for an assessment. This ensures fairness and integrity for all students taking the assessment as there may be students who have not taken the assessment.

18. Students are not to remove any used/unused papers and/or answer scripts from the weighted assessment and examination venues.

19. Disciplinary actions will be taken on students who cheat, attempt to cheat or misbehave during the examinations and this includes the issuance of a warning letter and/or forfeiture of the WA/examination results.

20. Students who are found to have changed or attempted to change their answers on their WA/examination scripts while teachers go through the papers, will face disciplinary consequences which may include having their results forfeited.
